

QIAN CAMPER

—— How to measure your truck? ——

- | | |
|---|---|
| A interior length(mm) | B interior width at the front (mm) |
| C interior width at the rear(mm) | D width of front side edge(mm) |
| I width of rear side edge (mm) | E width offront edge(mm) |
| F width of rear side edge (mm) | G height of the driver's cab (mm) |

Please take the following photos during measurement

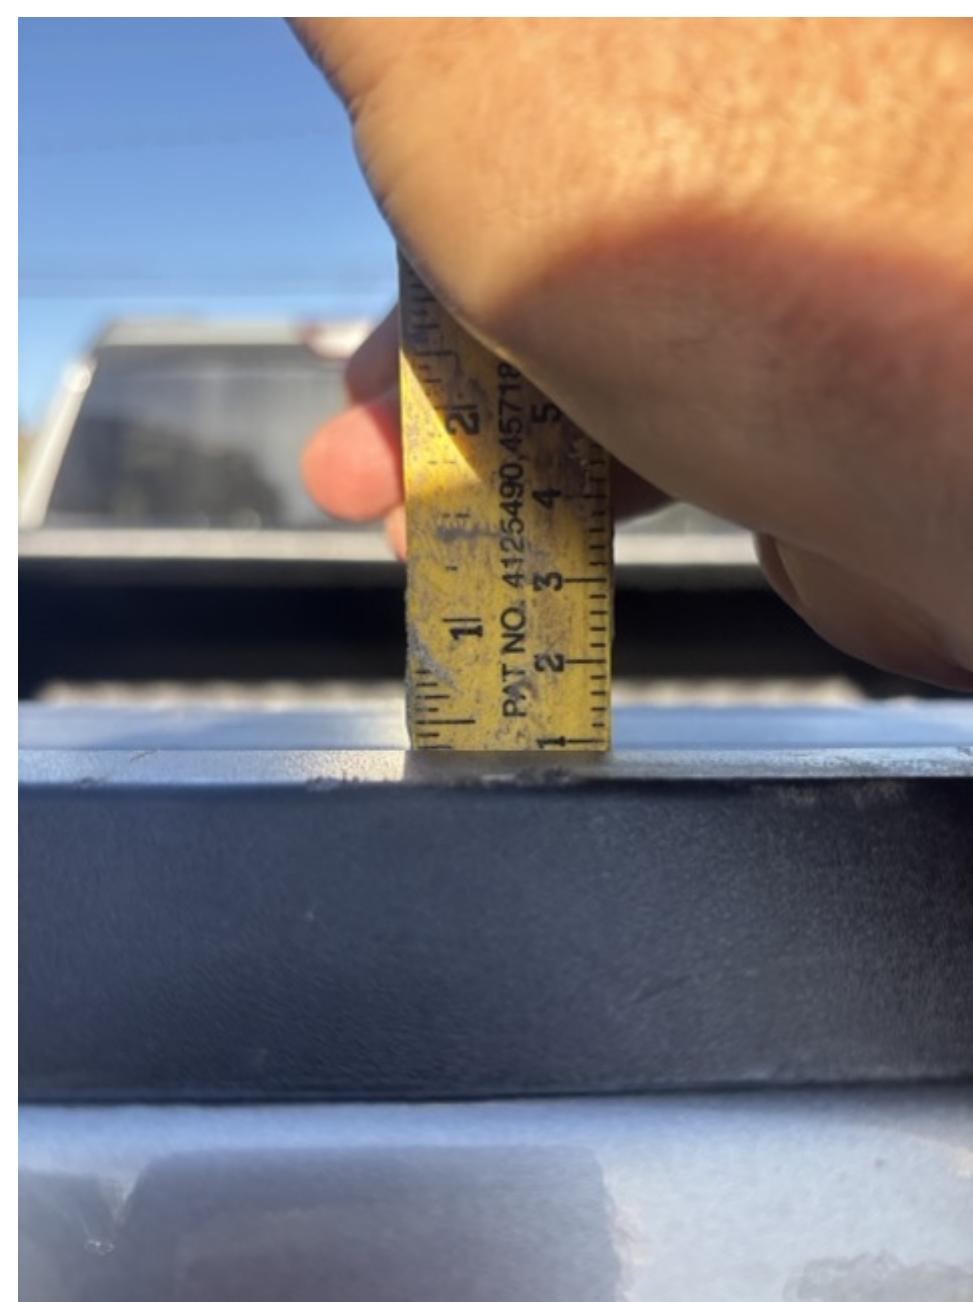

1. Showing all four edges of the truck bed (When the tailgate is closed)

2. Side view of the vehicle :

3. Tailgate detail photo(If the tailgate has a raised lip, please measure the lip height)

4.Side rail detail photo :

5. (If you choose jacks)The height of the edge of the truck bed above the ground
